EXPERIENCE

The Scoop N' Scootery

May 2026 - August 2026

Accounts & Inventory Associate

Jacksonville, FL

- Processed and reconciled approximately \$15,000 in weekly point-of-sale transactions, tracking customer payments and maintaining accurate financial records for a local ice cream store
- Monitored inventory levels across 100+ products and tracked product usage to identify restocking needs, helping maintain product availability and support daily store operations

Mathnasium Learning Center

January 2024 - September 2024

Student Instructor

Jacksonville, FL

- Provided individualized instruction to 20+ students across multiple grade levels in Algebra, Geometry, Pre-Calculus, and Calculus, adapting explanations to students' learning needs
- Developed and organized 50+ individualized lesson plans tailored to students' academic needs, contributing to measurable grade-level improvements in classes and tuition

LEADERSHIP AND PROFESSIONAL DEVELOPMENT

GatoRaas Competitive National Dance Team

May 2026 - Present

Finance Chair

Gainesville, FL

- Administered a \$6,000+ team budget for 60+ members, tracking dues and allocating funds across competition fees, travel accommodations, merchandise, and operating expenses for intranational competitions
- Partnered with team management to coordinate fundraising initiatives that generated approximately \$1,000 in additional funds

Gator Investment Banking Academy

January 2026 - August 2026

Analyst

Gainesville, FL

- Selected as 1 of 12 students from 60+ applicants for a competitive investment banking program focused on M&A advisory and capital markets
- Collaborated with a team of 5 analysts to develop a simulated buy-side M&A pitch, building an Excel-based discounted cash flow model to estimate Cloudflare's intrinsic value and support the investment recommendation
- Constructed a merger model for a proposed Microsoft acquisition of Cloudflare, analyzing accretion/dilution and presenting an acquisition recommendation backed by comparable company and precedent transaction analyses
